## DAWN HARRION

Dawn Harrion wanted a career to better support her family. At age 31, she attended adult education classes at Walker Career Center in Indianapolis.

She earned a high school equivalency (HSE), completed a nursing assistant class, passed the licensing exam, and is now employed in healthcare. She's also enrolled in adult education's WorkINdiana medical assistant program.

She's not done - her goal is to become a **Registered Nurse**

Not long ago **Destiny Prophitt** had a dim future.

“At the age of 15, I was homeless,” she told the Bloomington Herald-Times. “I had trouble with drug and alcohol use. I was on probation, a constant runaway.” The state Department of Child Services was always involved, she said.

Late last year she was recognized by **Broadview Learning Center** for earning an Indiana High School Equivalency Diploma and being inducted into National Adult Education Honor Society.

Reporter Michael Reschke wrote, “Through Stepping Stones, a transitional housing program for homeless youth, she was able to get back on her feet. “

“But living on her own and going to school was too much, so she dropped out in April,” Reschke said in his article.

“The flexibility of the adult education program allowed her to earn an equivalency diploma while working at Wendy’s.”

“Now, she plans to pursue an associate’s degree in social work at Ivy Tech Community College. Going back to school wasn’t easy, but Prophitt told the crowd gathered it was worth it.”

Indiana Career Explorer is only **required** for **ELL levels 4-6 students**.

It is a good practice **when possible** to administer – even with staff assistance – ICE for ELL levels 1-3 students though it is only required for ELL levels 4-6. Instructional staff can decide if ELL levels 1-3 would benefit from ICE based on students' English levels.

- **REMINDER** WorkIndiana has a goal of serving 1,800 students during PY17-18. This total was designated by adding together the stated total students served provided in each grant.
- As we are half way through this program year, WorkIndiana should have 900 students enrolled. Unfortunately, we only have 375.
- Enrollments within IDOC will begin to increase, which will help us with our overall enrollment, but every program is below their stated goal.

- Even with the second round of grant competition completed and award letters being sent out, it is absolutely essential that all programs dedicate time and effort into enrolling eligible students into WorkINDiana trainings.
- WorkINDiana Team will continue to review performance indicators for each grantee. As stated in the grant application and the award letter, it is within DWD's authority to reallocate funds during the grant period if the performance of a provider is determined to be unacceptable.

- On the **top left hand side** of the WorkIndiana Portal screen shot, under “Region”, you will see the “Grantee” dropdown box. When entering student data, you must ensure that you are not only selecting the Region, but also the Grantee with which that student’s data will be credited. Please review all WorkIndiana students to ensure they have been assigned the correct Grantee.
